NOTE:

* If the agency is not contracted with the client's medical insurance, they are willing to accept out-of-network reimbursement if the client agrees to pay a higher co-pay due to the non-network status. Since contracting does change from time to time, we suggest that Referring Providers contact the agency's Intake Office first for clarification if there are any questions.

Healthcare and Community Providers, please complete the Maternal Behavioral Health Referral Form and fax your referral to selected Mental Health agency listed on the back of the form.

If you have any additional questions, please contact Avril Albaugh at 216-844-3391 or Avril.Albaugh@uhsospitals.org
